Anton Kazakov

Started from developing Android apps back in 2013. Now have 2+ years experience in commercial creating stable and fast applications using hyped stuff like:

- *Rx*
- *Dagger*
- *Realm*

Prefer to pay attention to app architecture. I've created apps using such design solutions as:

- *MVP*
- *MVVM*
- *View-based Applications*
- *VIPER*

Decided to pivot into Enterprise Java. Have base experience working with:

- *Spring (Spring data, Spring security, Spring MVC)*
- *Hibernate*
